21. Live and final scores

During a live Round you will be able to see the running total of your Team's Score. Please note that these Scores are preliminary and subject to change. Score adjustments can occur after each match &/or after the completion of the Round as sometimes the official statistics are reviewed and changed post game.

Usually, the Scores are finalised within a few hours of the final game of the Round, but sometimes it may take longer due to the significant amount of data that needs to be processed. Our aim is to have the lock-out lifted and the final scores, results and new player prices available by 10.00pm AEST on the day of the final game of the Round. Once the Scores are finalised, the lock-out for that Round ends, if for some reason player statistics are updated by the stats provider after the lockout has been lifted, these changes will not be amended in Fantasy scores, all player scores are final as of lockout.
